MY MOM

BY JOE

My mom is the best. She is a good cook. She makes the best cookies, especially chocolate chip ones. Also, she's good at making hamburgers. (They're my favorite). She puts the cheese on right away so it can melt. Yummmmm! My mom is the best at knitting. Just to tell you, she knitted the best afghan I've ever seen, but she gave it away. Aw man! Mom also made me the comfiest sweater I've ever felt. It was a warm green one. So clearly, my mom's a maker!

MY DOG, SAM

BY MICHAEL

My dog Sam was a super dog! He was so playful! He ran so fast if you got in his way, he would jump on you. Also, he was an awesome dog. Oh ya, did I tell you that he was a good soccer player? He would hit the ball with his head so hard! I told him to not jump on you or bite you. But I remember one day, he bit a boy. The boy cried and Sam got in big trouble. Sam was a small dog and he could hide in a small place so you couldn't see him! Oh ya, he was a beagle. Now you know my dog Sam.

MY COOKIES

BY KAYLA

I love cookies so much. My mom makes them for me at midnight. My favorite kinds are chocolate chips with creamy melted peanut butter cookies. When she asks me if I want some cookies I say, "Yes, please Mommy!" and she makes me my favorite kind of cookies: chocolate chip with creamy melted peanut butter with peanuts. I love my mother's cookies. (She loves cranberry lemon. I think she loves them.) I like sugar cookies too. I could never live without cookies at least a month or two months, could you? Could you last a week or a year? Well do you want to challenge somebody whose names are Jessica, Joe, Hannah, Michael, Sami or many others? Clearly you can definitely see that I so love cookies very, very much!
